ASM RESOLUTION No. 06.20.2024-01

RESOLVED, AS IT IS HEREBY RESOLVED, that the reading of the minutes of the Regular Annual Meeting held on June 15, 2023 was dispensed with, and all matters included in the minutes were considered complete and accurate and were approved for all intents and purposes.

V. ANNUAL REPORT TO STOCKHOLDERS

The Chairman moved onto to the next item – the Annual Report. For this purpose, he requested President Dee to provide information about the Bank's activities, financial performance, and other relevant data for the year 2023.

President Dee began by stating that 2023 was a milestone year, marking CBS's 15th year of operations. Despite continuing challenges throughout the year, the Bank was able to exceed expectations. CBS ended 2023 as the second largest thrift bank in the Philippines in terms of total assets, a step up from its 2022 ranking. This demonstrated the exemplary growth the Bank enjoyed in multiple categories.

These achievements are made even more impressive as they came amidst a backdrop of elevated inflation, which peaked at 8.7% in January 2023 and averaged 6% for the year, with Philippine GDP growth decelerating to 5.6% from 7.6% the year before. Those economic conditions created more uncertainty in banking, as the Bangko Sentral ng Pilipinas adjusted monetary policy rates to help guide the Philippine economy throughout the year. Interest rates were raised by a total of 100 bps in 2023 to 6.5%. CBS once again navigated through external challenges and emerged a better bank. With a "One CBS, One Focus" approach, CBS took one more step toward finishing at the top of the podium.

Continuing the strategy of expanding its footprint nationwide, CBS opened 7 branches, 2 sales offices, 16 APD branch-lite units (BLUs), and 31 ATMs bringing CBS's presence across the Philippines to 168 branches, 3 business centers, 19 sales offices, 33 APD lending centers and 60 BLUs. The total network now stands at 261 with an ATM network of 201. The combination of physical expansion and an ever-improving digital banking experience will enable CBS to reach more customers. By the end of 2023, CBS' customer base reached 852,000 and posted a growth of 20% year-on-year.

In terms of profitability, the Bank achieved a record-high P1.8 billion Net Income in 2023, up by 16%. This translated to a return on equity of 12.8% and a return on assets of 1.3%. Total assets increased by 27% to Php 157.4 billion. Gross loans grew by 25% to Php 113.6 billion as the Bank was able to capitalize on the continued network expansion and relentless efforts of the Bank's sales force. APD portfolio grew by more than 52% in 2023 while demand for consumer loans, led by its retail housing and auto loan segments, also increased. When combined, APD and consumer loans account for 87% of total loans. Despite the increased loan volume, CBS recorded a better-than-industry NPL ratio of 3.3%.

On the funding side, total deposits increased by 27% to Php 137.7 billion. CASA increased to Php 47.1 billion and continues to serve as a stable source of low-cost funding. CBS' capitalization is Php 15.6 billion, a 22% increase versus last year mainly due to the improved operations for 2023 and a Php 1.0 billion capital infusion by CBC. The Bank's Capital Adequacy Ratio (CAR) and Common Equity Tier 1 (CET1) Ratio are both comfortably above regulatory levels at 12.6% and 11.7%, respectively.

This 2024, the outlook for the country and for CBS is positive. A sustained downtrend in inflation should be a tailwind for the economy this year. Inflation finally settling within the BSP's 2-4% target at 3.8% and GDP growing slightly faster at 5.8% for the full year.

The Bank's first quarter financial performance continues to show strong results as its net income registered double-digit growth of 10% or Php 462 million. Sustained expansion in lending and deposit-taking drove the Bank's solid performance. Total loan portfolio grew to Php 120.2 billion, while total deposits jumped to Php 142.5 billion. The robust balance sheet and strong financial performance has CBS in a good position to continue growing.

President Dee said that CBS is well positioned for significant growth for this year and beyond. The Bank has a solid strategy, and more importantly, a highly driven and capable team to deliver on its plans and growth ambitions. The CBS they have built and continue to build is attributed to its stakeholders their unwavering support, the critical support of its partners, and most importantly, its employees' resolve to exceed expectations day by day.

All the information he reported was disclosed in the 2023 Annual Report and in the Definitive Information Statement (SEC-IS 20) of the Bank. These documents were posted on the Bank's website, which could be accessed for further scrutiny by the stockholders.

Atty. Jonas Cesar Mangrobang III moved that the Annual Report, which is available on the Bank's website, and presented by the President, be approved. Ms. Krischelle Marie M. Tamayo seconded the motion.

X. OTHER MATTERS

After confirming that there were no other matters left for discussion, the Chairman asked Mr. De Guzman to address questions and comments from the Bank's stockholders.

The first question was for President Dee. The Bank has achieved record high profits for 3 years in a row. He was asked how the Bank could sustain this. President Dee stated that the Bank always strove to achieve more each year, guided by its annual goal setting and planning. The Bank's Q1 numbers reflected a strong start, and it would do its best to sustain its record-breaking pace. He believed that the targets of the Bank for 2024 are achievable, and it would get the job done.

The next question was addressed to Chairman Chua. It was mentioned that achieving a Podium Finish is one of the goals of the Bank. As the Bank recently landed the second top spot in the rankings, Chairman Chua was asked how it would surpass the current number one bank. Chairman Chua stated that the Bank is aware of competition, but CBS would not be constrained by their plans. CBS intends to execute its medium-term goal of expanding market reach through branches and digital banking. The Bank will continue to improve its products and services to become more responsive to the customers' needs. Being the best bank in the eyes of its customers is more important than being number one in terms of size.

Mr. De Guzman read another question for Chairman Chua. The question was “[p]hysical expansion and physical touch points were previously discussed. I know this is more expensive than digital platforms. Is this strategy sustainable against increasingly digital competition?”

Chairman Chua replied that while the Bank has been expanding physically, it has not neglected its digital operations. The CBS Go and CBS Personal Mobile App are steadily being adopted by clients, and the Bank is always working to improve both. CBS has multiple initiatives as well to fulfill its promise of “Easy Banking for You”. CBS has made significant investments in digital technology, considering the needs of CBS's market segment. He added that CBS customers would certainly benefit from these initiatives in the coming years. In the meantime, the Bank continues its strategy of physical expansion, and it would open new branches within the year.

The last set of questions was addressed to President Dee, which read “[w]hat is your outlook regarding benchmark interest rates? What about loan rates? When is the best time for consumers to borrow?” President Dee answered that inflation is expected to ease within

the government's target range in 2024 and allow the Bangko Sentral ng Pilipinas to gradually reduce its monetary policy rate. Loan rates would naturally follow the movement of the benchmark rate. Regarding the right time to borrow, this would be dependent on each person's financial capability and business situation. CBS offers personalized solutions to meet its customers' specific requirements.

Thereafter, Mr. De Guzman concluded the question-and-answer session. He stated that any questions or comments submitted and received, but not addressed that morning, would be answered directly by e-mail to the stockholder concerned. The Bank would reply directly by e-mail to all other questions from its stockholders. For any other questions or concerns, Mr. De Guzman said that these could be sent to the e-mail address ocs.cbs@chinabank.ph.
